Dear Hugo Rødli,

I am writing to express my keen interest in the Compliance Specialist position at Kongsberg Digital. One aspect that particularly excites me about joining Kongsberg Digital is the exciting challenges and possibility to develop myself working with other highly competent peers. The prospect of providing risk management and advise in support of strategies and business aligns perfectly with my career aspirations.

Throughout my career, I have gained extensive experience in various areas such as financial product sales, department management, operational efficiency, research, and analysis. In each of my roles, I have consistently demonstrated a strong commitment to following policies and procedures, and compliance which has contributed to the overall success of the organizations I have worked with. My proactive approach, enthusiasm, curiosity to acquire new knowledge, rapid learning ability, and adeptness in navigating high-pressure environments have consistently contributed to exceeding targets, leading to frequent promotions and increased responsibilities.

Having lived in Ukraine and Austria (2019–2021) before relocating to Norway in January 2022, I appreciate diverse cultures and possess excellent communication and interpersonal skills. My volunteer experience at the Embassy of Ukraine in the Kingdom of Norway and translation work for the Historical Museum have honed my organizational, analytical, and language skills, as well as attention to detail.

I have a strong interest in learning new languages, particularly Norwegian. While language learning is important to me, my current priority is focusing on my career.

I am a holder of a residence card in Norway, bringing a proactive and positive mindset, as well as a result-driven approach to every challenge. With my diverse background, strong problem-solving and analytical skills, commitment to self-improvement, curiosity, and a strong interest in how technology and governance systems can support internal control efficiency, I am confident in my ability to quickly grasp new concepts and software. I believe these qualities will enable me to make a valuable contribution to the Kongsberg Digital team.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further with you.

Sincerely,

Anna Goetz
